

## MB3

The force of nature and human ingenuity: **MB3**, the new collection by **Cercom**, brings these two characteristics together in ceramic, offering designers a versatile, eclectic tool for satisfying the needs of current trends. **MB3** is inspired by quartzite stone, widely prized as a construction material in Europe, now made available by **Cercom** technology in a product range featuring new large sizes and specific solutions for the outdoors.

**MB3** interprets the charm of the natural material with its elegant veining, creating pleasing dynamic effects which break up the tonal uniformity of the surface by combining the nuances of its four basic colours. *Ematite, Sasso, Cenere* and *Ghiaccio* are the colours provided by **Cercom** to enable free design with **MB3** of floors and walls, interiors and exteriors, residential and public settings, using large sizes such as the new 100x100 cm and 60x120 cm panels, and fully exploiting the potential of the 19 mm thick version with R11 grip finish, ideal for vehicle traffic areas with conventional adhesive installation, dry floors laid over gravel, sand or grass beds, and elevated floors using adjustable supports.

### Technology:

Fine porcelain stoneware

### Colours:

Ematite | Sasso | Cenere | Ghiaccio

### Sizes:

Thickness 8.5 mm - 100x100 | 50x100 cm

Thickness 10 mm - 60x120 | 60x60 | 30x60 cm

Thickness 10 mm R11 – 60x60 cm (only Ematite, Ghiaccio and Cenere)

Thickness 19 mm R11 (Ematite, Sasso and Cenere only) - 80x80 cm

### Applications:

Residential and commercial

### Production:

Made in Italy

DAL1975
